Hi Dayana,

Yes, I can add your files to your docket. Let me know what file names you want for them.

And thank you for checking with Darryl.

Hi Karolina,

I noticed that it looks like you recently have been posting the necessary files to the docket for our Federal Register notices. If this is the case, would you be able to help us post the files to the docket for the Texas RH BART action that just got signed yesterday. There are around 6 files that we need to add to the docket.

I'm waiting to hear back from Darryl Adams (in OP) if the Region needs to get the signed electronic file of the FRN to the Federal Register liaison or if it is OP who takes care of this. From the instructions for the new process Michael shared with us, it wasn't entirely clear who is the lead for this step of the process. I will let you know when I hear back from him.

Thank you!
